1. You were once addicted to gaming. Fortunately, with the help of your parents, you managed to kick the addiction. Your teacher has invited you to deliver a speech to share your experience with your schoolmates in the morning assembly.

In your speech, you may talk about how prolonged exposure to online games have negative impacts on your physical as well as mental health. You should also share how you beat the addiction.

2. Teens love Instagram for a lot of reasons, but most importantly, that is where their friends are. Some families are connected on social media and parents can follow their teens online. However, some teens do not want their parents to see everything on their pages and will block them.

You are Chris Wong, the chairperson of the school's IT Club. Write a feature article about teenagers having parents as followers on their Instagram accounts. Explore both the positive and negative impacts on their relationships with parents. Include a title.

3. Teenagers love to get on the latest fashion trends without spending too much money. Some of them are turning their attention to clothing rental stores in Hong Kong. Clothing rental services are an economical and environmentally friendly way to help teens stay on trend, without creating too much waste or consuming too much space in the apartment.

Write a letter to the editor to discuss whether fashion rental companies will become popular among teenagers in Hong Kong. Provide TWO reasons to support your stance.

4. Write a short story that ends with the following lines. Give your story a title.

She nodded her head and gazed up at the stars as she recalled her grandmother's words: "Where there is a will, there is a way!"
